RESPONSE

Dear Sir:

This response is being filed in reply to the official action mailed August 1, 2006.

In that action, the Examiner required an election of species under 35 U.S.C. § 121 between the following alleged patentably distinct species of the invention:

- I An embodiment of a system for preparing insulation stripping and further processing of a cable with a third program control and a FIELD BUS (Claims 30, 31 and 37);
- II Another embodiment of a system for preparing insulation stripping and further processing of a cable with a first device as a coiling device (Claims 32-35);
- III Another embodiment of a system for preparing insulation stripping and further processing of a cable with two adjacent coiling pans, cable feed arm and diverter (Claims 44-47); or
- IV Another embodiment of a system for preparing insulation stripping and further processing of a cable with fourth process data and sensor (Claims 38-43 and 48).
